

# Into Hiding

## Amorphis

The islander slips into hiding  
And takes to his heels  
Out of dark Northland  
The murky house of SaraHe whirled out of doors as snow  
Arrives as smoke in yard  
To flee from bad deedsThere he had to become someone else  
He must change his shape  
As an eagle he swept upWanted to soar the heavenward  
The sun burnt his cheeks  
The moon lit his brows  
(Wanted to soar heavenward)  
The sun burnt his cheeks  
The moon lit his brows
