

Lady Lieright

Peter Frampton

Lady Lieright
Go help fetch my clothes
Im looking for my broken boots
I hope they showYeah, lady do right
Dont do me wrong
We've been together all this time
But thats another songSusie Sunshine
Well, whats your game?
Id love to keep you in my drawer
For when it rainsYeah, where I was going?
I keep drifting away
I think, Ill go right back to bed
And Ill sleep the day, yeahJust the other day I took you
To an Oriental restaurant
Gentleman, he took our order
In his mindAnd how we said
Its nothing to fly to the moon
I sat there in a haze
Oh, how I cried aloud
I love that man todayLady Lieright
Well, I love you so
You make me feel a million dollars
Whats it worth nowYeah, shimmering shadow
Beneath me now
Looking at you give me heart
I need it nowLady do right
Lady Lieright
