

Can't Help My Heart

Nashville Cast

Standing in the driveway
trying to see it your way
knowing you're gone
knowing you're gone As the night bird starts to sing
Tail lights say everything I need to know
But I won't let you go I can't help my heart
I can't catch the wind
so every night I'll raise the dead
and face the ghost of us again
I can't stop the flood
or drown your memory
I can be a hurricane
of driving rain and misery
oh, we might be worlds apart
but I can't help my heart Ever see a lighting strike
far away in the dead of night make a sound
when it hits the ground
when I first looked in your eyes
I fell too hard to recognize the storm
A warning, I should have known I can't help my heart
I can't catch the wind
so every night I'll raise the dead
and face the ghost of us again
I can't stop the flood
or drown your memory
I can be a hurricane
of driving rain and misery
oh, we might be worlds apart
but I can't help my heart No I can't help my heart
I can't catch the wind
so every night I'll raise the dead
and face the ghost of us again
I can't stop the flood
or drown your memory
I can be a hurricane
of driving rain and misery
oh, we might be worlds apart (we might be worlds apart)
we might be worlds apart (we might be worlds apart)
but I can't help my heart

I can't help my heart Standing in the driveway
Trying to see it your way
