

# First in Line

## Kevin Drew

Eighteen times on the force it line  
And it's eighteen times on the go  
You can take a walk and free their minds  
And then get you with the lights of the showI'm on my way to the first in line  
You know I'm on my way to the floor  
They can wrap around and then make their binds  
And then eat you with the life that you knowSixteen times on the curse it line  
And it's sixteen times on the go  
You can take a walk and pass them by  
And then beat you with the life that you hopeI'm on my way to the first in line  
I'm on my way to the floorYou crawl away  
(My baby's got one thousand eyes)  
You crawl away  
(My baby likes to super the size)I'm on my way to the first in line  
I'm on my way to the floor
