

The Strays

Sleeping With Sirens

1 2 3 4 Hubcaps and ashtrays
I was born, but I wasn't raised
The big wheel, the black space
Tried my best, but wasn't praised Hell is so close to heaven
Hell is so close to heaven Hold on don't look back
You know we're better, we're better than that
Lost and thrown away
You know we're better, we're better than that
We are the strays (whoah)
We are the strays Train tracks to the stage
Play that role
The one you made
Long nights and the worst days
Lived it all, but I didn't break Hell is so close to heaven
Hell is so close to heaven Hold on don't look back
You know we're better, we're better than that
Lost and thrown away
You know we're better, we're better than that
We are the strays (whoah)
We are the strays My whole life they said I'd be nothing
Well I'm something
And I would rather be the stray
Than be nothing to no one at all Hubcaps and ashtrays
I was born, but wasn't raised Hold on don't look back
You know we're better, we're better than that
Lost and thrown away
You know we're better, we're better than that
Cause we are the strays
We are the strays
