

# Soul Machine

## Black Stone Cherry

Said purple haze let's kiss the sky  
I won't beg but I can't lie  
I tell you what we gonna do  
We're gonna X-Rate this love  
Do it over like a Re-run  
And girl you know you want it too  
S-O-U-LI'm a soul machine, I'll teach you what I mean  
You got to sweat enough to feel this love  
I got to get you close to me  
I'm a soul machine, I'll take you to your dreams  
You got to sweat enough to feel this love  
I got to keep you close to me  
S-O-U-L machine, machineTurn off the sun turn on the night  
If you can rock then you can ride  
I tell you what we gonna do  
We're gonna escalate this buzz  
Do it over just because  
I lose myself inside of you  
S-O-U-LI'm a soul machine, I'll teach you what I mean  
You got to sweat enough to feel this love  
I got to get you close to me  
I'm a soul machine, I'll take you to your dreams  
You got to sweat enough to feel this love  
I got to keep you close to meI'm a soul machine, I'll teach you what I mean  
You got to sweat enough to feel this love  
I got to get you close to me  
I'm a soul machine, I'll take you to your dreams  
You got to sweat enough to feel this love  
I got to keep you close to meI'm a soul machine, I'll teach you what I mean  
You got to sweat enough to feel this love  
I got to get you close to me  
I'm a soul machine, I'll take you to your dreams  
You got to sweat enough to feel this love  
I got to keep you close to meS-O-U-L machine  
I'm a soul machine  
S-O-U-L machine (I'm a soul machine)  
I'm a soul machine
