

Torn to the Bone

Six Feet Under

[Incomprehensible]Blood on skin, so pale
Stained and cold
There's something I've wanted
For so longThe taste of flesh
Hunger for blood
Sever the skin
Torn to the boneFresh blood bleeds
Dripping from wounds
Veins leak
As skin turns blueThe taste of flesh
Hunger for blood
Sever the skin
Torn to the boneBodies ripped apart
Skin begins to rot
Ingest the infection
Of the dead[Incomprehensible]Blood on skin, so pale
Stained and cold
This is something I've wanted
For so longThe taste of flesh
Hunger for blood
Sever the skin
Torn to the bone
