Forever Now

SPC ECO

I look up,
There are dark things comin' down.
My parachute,
Can't bring me back to the ground
I lose my faith
When I watch the fadin' lights
Just your shadows touch
Makes me feel alive!Hey!
Everybody shout!
Hey!
Celebrate it loud!
Forever now!
Forever now!I walk the streets,
They are hard, cold, sad, and true
Don't loose your way
I am here with you!Hey!
Everybody shout!
Hey!
Celebrate it loud!
Forever Today,
Forever Tonight
Reset your eyes
Erase your mind
I will never let you down
Join me forever now
Forever now!
Forever now!Let's run into pourin' rain
To feel that we're alive againWhisper me
All your secrets
Whisper me
All my secrets
Whisper me
All your secrets
Whisper me
Celebrate it loud!Forever Today,
Forever Tonight
Reset your eyes
Erase your mind
I will never let you down

Join me forever now
Forever now! (Let's run into pourin' rain)
To feel that we're alive again
Forever now! (Let's run into pourin' rain)
To feel that we're alive again
