

Denim and Leather

Saxon

Where were you in '79 when the dam began to burst?
Did you check us out down at the local show?
Were you wearing denim, wearing leather?
Did you run down to the front?
Did you queue for your ticket through the ice and snow? Denim and leather brought us all together
It was you that set the spirit free
Denim and leather brought us all together
It was you that set the spirit free Did you read the music paper from the back and to the front?
Did you find out where to see your favorite band?
Did you listen to the radio every Friday night?
Did you hang around your local record store? Sing it Denim and leather brought us all together
It was you that set the spirit free
Denim and leather brought us all together
It was you that set the spirit free
C'mon Did you dream of playing guitars or smashing out the drums?
Maybe you can learn to play the bass?
You could all ways be a singer like me upfront the band
while on the stage play at your demand. Denim and leather brought us all together
It was you that set the spirit free
Denim and leather brought us all together
It was you that set the spirit free Denim and leather brought us all together
It was you that set the spirit free
Denim and leather brought us all together
It was you that set the spirit free It was you that set the spirit free
It was you that set the spirit free
It's you, you, you, you
