Undo the Wicked

Diecast

(Pain has a face allow me to show it to you...)
I cant believe my eyes! how can you do it to them you motherfucker? how can you live with yourself while they suffer? sooner or later you will fall, sooner or later your time will come. How can you pray upon their innocence hammer of justice crushes with a swiftness. I will bring about your death. How can you take away their innocence, their innocence youll destroy. How can you strip away their innoncence, their innoncence ill defend (till the death) How can you take away their innoncence their innoncence youll destroy. How can you strip away their innoncence their innoncence ill defend. Never ever will you partake again i will fight you tooth and nail until the end.Your time is almost at hand from now until forever will you be damned. and it will bring about your death, i will bring about your death. How can you take away their innoncence, their innocence ill defend (til the death) How can you take away their innocence their innocence youll destroy. How can you strip away their innocence their innocence ill defend. I cant believe my eyes! next time we meet you will die, protecting them is my life. Youll never plague them ever again because their innoncence is their right. Youve crossed the line into a world of thuggery youll pay the price for your own lack of humanity.For what youve done your soul ill crush to grains of dust you are devoid of a conscience and you must realize the pain that you have wrought will haunt you til the day you die your soul forever lost. From now until forever your soul will burn repentence for the damned from now until forever your blood will burn.you will burn! and ill rip your heart out ill tear your felsh apart strip by strip ill watch your blood boil youll die again and again. A purgatory of darkness where youll 1,000 deaths where youll die in silent agony. Until we meet again. How can you strip away their innocence their innocence ill defen (till the death) how can you take away their innocence their innocence youll destroy. How cn you strip away their innocence their innocence ill defend/ How can you take away their innocence their inncence youll destroy. How can you strip away their innocence their innocence ill defend (till the death) How can you take away their innocence their innocence youll destroy. How can you strip away their innoce
nce their innocence ill defend.
