

# Mic Check (Stupid Fresh Remix)

## Hadouken!

Yo, yo, yo  
Mic check, yo  
Yo, yo, yo Check one, check two, block my check  
I'ma gonna scream and shuffle this one  
If you can't see that, put your specs on  
If you can't hear, I've popped your ear drum Check one, check two, block my check  
I'ma gonna lose it now for this song  
If you can't see that, put your specs on  
If you can't hear, I've popped your ear drum All night we're dropping this fun  
All night like we're in the zone  
Oh, we're bringing it on  
Oh, I said we're bringing it on For the masses, jumping up on the set  
Check one, check two, block my check  
For the masses, yeah, it's only respect  
Check one, check two, block my check DJ, slap this raw on the deck  
Check one, check two, block my check  
I'm gonna head to the back, keep pumping noise  
Check one, check two, block my check I wanna take your mind and soul  
I wanna take your mind and soul  
I wanna take your mind and soul  
Right to the core, right to the bone I wanna take your mind and soul  
I wanna take your mind and soul  
I wanna take your mind and soul  
Right to the core, right to the bone I wanna take your mind and soul  
I wanna take your mind and soul  
I wanna take your mind and soul  
Right to the core, right to the bone I wanna take your mind and soul  
I wanna take your mind and soul  
I wanna take your mind and soul  
Right to the core, right to the bone I wanna take your mind and soul  
Mind and soul, mind and soul  
I wanna take your mind and soul  
Mind and soul, mind and soul I wanna take your mind and soul  
Mind and soul, mind and soul  
Mind and soul, mind and soul, mind For the masses, jumping up on the set  
Check one, check two, block my check  
For the masses, yeah, it's only respect  
Check one, check two, block my check DJ, slap this raw on the deck  
Check one, check two, block my check

I'm gonna head to the back, keep pumping noise  
Check one, check two, block my check All night we're dropping this fun  
All night like we're in the zone  
Oh, we're bringing it on  
Oh, I said we're bringing it on Yo, yo, yo  
Check one, check two, block my check  
Yo, yo, yo  
Check one, check two, block my check  
Check one, check two, block my check  
Check one, check two, block my check
