

# No Way As the Way

## Dead Prez

My way might not be your way  
But its okay  
Its alright, your way might not be my way  
But its okay  
Its alright Yea, I used to go to church  
But the church didnt quench my thirst  
Mama taught me to put god first  
But she never tried to block my search  
I was curious, young but serious  
Wise religion, so mysterious  
Why is black life so hard?  
They say youre not supposed to question God  
Well is it okay to question the pastor?  
Was it passed down from the slave-master?  
It was only the truth I was after  
But I never could get a straight answer  
So I couldnt be late to the sermon  
Put down the bible, then I start learning  
About life, didnt know where the path would lead  
But I had to get off my knees  
My way might not be your way  
But its okay  
Its alright, your way might not be my way  
But its okay  
Its alright I build with the fire thats in us  
Only God within us, its no limits  
Study the med 2 netter from chemic  
Also I remembered  
Smoke herb with the Rastafarians  
Who my locks became a vegetarian  
Following the dial, filling what the bible lacks  
Jewels being handed to a innocent child  
My mind is a Buddhist temple, the truth is simple  
I try to be principle  
Walking with a warrior spirit  
It aint nothing like learning from first hand life experience  
Im a realist, thats all I deal with  
Respect the truth, thats all I build with  
A child of the universe  
My religion is life and its just as valid

I strive for balance  
My way might not be your way  
But its okay  
Its alright, your way might not be my way  
But its okay  
Its alright I gotta admit, I dont know  
End to end which way its gonna go  
Why we sit by the project window?  
And started living off the land with my kin folk  
Is there even a master plan?  
An unseen hand? Is God a man?  
Some say thats sacrilegious  
Same folks selling us lies about Christmas  
Santa Claus and the Easter Bunny  
Just so the capitalists can make money  
They say God will take care of it  
But you a terrorist if you say the same thing in Arabic  
Its so hypocritical  
Its a miracle, listen to the Mexican spirituals  
Weighed in the water, Im following Mr. Minute  
That turn Im paying for my freedom  
Im heading for the border  
My way might not be your way  
But its okay  
Its alright, your way might not be my way  
But its okay  
Its alright My way might not be your way  
But its okay  
Its alright, your way might not be my way  
But its okay  
Its alright My way might not be your way  
But its okay  
Its alright, your way might not be my way  
But its okay  
Its alright
