

# Good Bye

[Martina McBride](#)

Occurred to me the other day  
You've been gone now a couple of years  
Well, I guess it takes a while  
For someone to really disappear  
And I remember where I was  
When the word came about you  
It was a day much like today  
The sky was bright and wide and blue  
And I wonder where you are  
And if the pain ends when you die  
And I wonder if there was  
Some better way to say good-bye  
Today my heart is big and sore  
It's trying to push right through my skin  
Won't see you anymore  
I guess that's finally sinking in  
Cause you can't make somebody see  
With the simple words you say  
All their beauty from within  
Sometimes they just look away  
And I wonder where you are  
And if the pains ends when you die  
And I wonder if there was  
Some better way to say good-bye  
Some better way to say good-bye
