You're Insane

[Escape The Fate](#)

Oh!I'll take you back to the beginning!
I was awoken to screams,
The day that I realized there was a devil in me
If I'm a sinner conceived by the flames,
You knowWe started broken hearted, falling apart at the seams.
Don't blame me for your problems,
You should fix yourself before you're gonna fix meStand back as your world decays,
I can't explain why you're falling apart,
You need to find someone else to blame for the hurt and the pain,
I'm not the reason that you're insane(Feels like I'm living in a madhouse!)The smoke and mirrors you see, the devil in me shivers every time that you breath,
Go take your pills and get out,
I don't understand what the fuck you're screaming about.We're falling downward spiral please just let me be released.
Don't blame me for your problems,
You should save yourself before you're gonna save me.Stand back as your world decays,
I can't explain why you're falling apart,
You need to find someone else to blame for the hurt and the pain,
I'm not the reason that you're insaneYeah, I know we've seen some better days
