

Nothing Like the Rain

2 Unlimited

Whoa, whoa, yeah yeah
Nothing like the rain
Yeah, check it out y'all, nothing like the rain
Hey, hey, nothing like the rain
There's nothing like the rain, nothing like the rain
To come and wash away, away the pain Let me ask a question
"Where do we go from here?"
Playing games to pass the time, that's okay
'Cause time is on our side There's nothing like the rain, falling down again
To come and wash away the pain
There's nothing like the rain, falling down again
To clear the air, so we see again Falling down again If I make a promise, I'll never let you down, no, no
Love will always break your heart, so they say
But we can turn that 'round, oh, baby There's nothing like the rain, falling down again
To come and wash away the pain
There's nothing like the rain, nothing like the rain
To clear the air, so we see again And we won't give up
We won't give up
No, we won't give in
Check it out, y'all
When there is so much we can do So much left to do
And we won't give up
We won't give up
No, we won't give in
When there is so much left to do So much left to do
Aw, yeah, it's there, can you feel it?
A chance to change the world if you want it
You can give up a lot, but don't give in Be ready for your break when it comes your way
Today I say, hey, prepare, a break in the clouds, you will be heard
Raise your voice, stake your claim
After the storm, after the rain There's nothing like the rain, falling down again
To come and wash away the pain, wash away the pain
There's nothing like the rain
Nothing like the rain, nothing like the rain
To clear the air so we see again And we won't give up
We won't give up
No, we won't give in
We won't give in
When there is so much we can do Yeah, check it out, y'all

And we won't give up
We won't give up
We won't give up No, we won't give in
We won't give up
When there is so much left to do Nothing like the rain, nothing like the rain
Nothing like the rain, nothing like the rain
Nothing like the rain, nothing like the rain
