

Nothing Box

Hypnogaja

Nothing to lose
Nothing to gain
Nothing surrounds me
Nothing stays the same I fought so long
To keep from going under
But why hang on?
Nothing matters at all
Nothing at all I try to hide it
To avoid the shock
But I get pulled inside it
my nothing box I fought so long
To keep from going under
But why hang on?
Nothing matters at all
Nothing at all Prick my finger and you suck me dry
So dry, no tears to cry
Take, take, fate worse than death
Keep taking till there's nothing left There was a time in my life
When you were everything
Everything to me
Everything, everything to me For one moment I had it all
Then you took everything
Everything from me
Everything, everything from me You filled me with nothing
Nothing at all I fought so long
To keep from going under
But why hang on?
Nothing matters at all
Nothing at all
