

Valhalla

Twin Atlantic

Suck this lemon
Never wanna let go
Seasoning my techno
All night rhythms
I travel through time
Dancing through light a classic cut away. Echo inside my mouth
Echoing around valhalla Heavyweight weaponry
Chemical therapy. Woo hoo, that's such a beautiful face.
Woo hoo, celebrate cut the cake.
Woo hoo, this isn't working for me.
Woo hoo, turn off the legend machine.
Taste that sugar
Simple when you want it
Psycho's gonna lick it
Off my fingers
A hero mind
ID'd for wine
Still got no sympathy. Echo inside my mouth
Echoing around valhalla Heavyweight weaponry
Chemical therapy. Woo hoo, that's such a beautiful face.
Woo hoo, simplify complicate.
Woo hoo, I'm only here to be seen.
Woo hoo, turn off the legend machine.
Woo hoo, that's such a beautiful face.
Woo hoo, celebrate cut the cake.
Woo hoo, this isn't working for me.
Woo hoo, turn off the legend machine.
Woo hoo, that's such a beautiful face.
Woo hoo, simplify complicate.
Woo hoo, I'm only here to be seen.
Woo hoo, turn off the legend machine.
Woo hoo, such a shame, such a shame.
Woo hoo, celebrate, celebrate.
Woo hoo
Woo hoo
Celebrate
Celebrate.
