

Super Jerkin

Keke Palmer

Gone back up off of me
Let me work let me jerk give me 50 feet (4x's)1st Verse
You heard from other jerkers now hear from the best
'cause when it comes to jerkin it's my house they just a guest
I could teach you how it's done if you can learn
Settin' fire to floor like Ush let it burn
Cocky aint my style but I can't help myself
I start to jerk and catch a swag and outdo myself
I'm here to dance, let it loose, go to work
Sweetie you can take it home if you didn't come in here to jerkPre Hook
Bounce like that bass in ya speaker, boom like that knock in ya trunk
Turn on my supergirl swag and go bum bum bitty dum dum, come and get someChorus
I'm super jerkin, super jerkin, super jerk on the floor
I'm super jerkin, super jerkin, super jerk watch me go
I'm super jerkin, super jerkin, super jerk gettin' low
I'm super jerkin, super jerkin, super jerk watch me go2nd Verse
My style is crazy got you staring on cue
Couldn't catch what I was doing if you watched on youtube
Try to name it you can call it what you want
But it when comes to biting styles I suggest you really don't
Rare Breeds throw it up where you at
On the dance floor pushing all the others to the back
Fellas coming spittin' game that don't work
I only wanna hear the DJ drop a beat so I can jerkPre Hook
Bounce like that bass in ya speaker, boom like that knock in ya trunk
Turn on my supergirl swag and go bum bum bitty dum dum, come and get someChorus
I'm super jerkin, super jerkin, super jerk on the floor
I'm super jerkin, super jerkin, super jerk watch me go
I'm super jerkin, super jerkin, super jerk gettin' low
