All or None

Pearl Jam

It's a hopeless situation
And I'm starting to believe
That this hopeless situation
Is what I'm trying to achieveBut I try to run on
Is all or none, all or noneHere's the selfless confession
Leading me back to war
Can we help that, our destinations
Are the ones we've been beforeI still try to run on
But is all or none, all or noneTo myself I surrender
To the one I'll never pleaseBut I still try to run on
Oh, I still try to run on
But it's all or none, all or none
