Ordinary Day

Biga Ranx

I wish I could tell you the things I never got the chance to
I wish I was with you now to see your smile again
I wish we had more time but time goes by so fast
A moment comes and then the moment passes by
In the blink of an eye and if I had one wish
I wouldn't ask for money, I wouldn't ask for fame
I wouldn't ask for the power to make this world change
If I could have one thing that one thing that I would choose
Is one more ordinary day with you, with you
I wish I could see you and be there where my arms could reach you
I wish I can let you know how much you touch my life
Maybe a little time is all the time we get
The words we long to say are words that go unsaid
You can't go back again but if I had one wish

I wouldn't ask for money, I wouldn't ask for fame
I wouldn't ask for the the power to make this world change
If I could have one thing that one thing that I would choose
Is one more ordinary day with you
I wish we had more time, time goes by so fast
The moment comes and the moment passes by
In the blink of an eye and if I had one wish
I wouldn't ask for money, I wouldn't ask for fame
I wouldn't ask for the the power to make this world change, no
If I could have one thing that one thing that I would choose
Is one more ordinary day, just one more ordinary day with you, with you
