

# Perfect Situation

Marcel

Advisory - the following lyrics contain explicit language:

One night in mid December  
My girlfriend had me over for dinner  
There was nobody else around  
Too bad, her mom and dad were out of town We were watchin' Winter Wonderland  
When she grabbed my hand and said  
"The weather man's sayin' that the roads are all ice  
I was thinkin' maybe you should stay the night"  
Gee, let me think, all right It's all there, it's a done deal  
It's a looks good, it's for real  
Flyin' high in a first-class seat  
With the magic carpet under my feet Life don't get any better than this  
It's all that and a bag of chips  
Right on par, it's the whole nine yards  
A symmetrical equation, it's a perfect situation Well, wouldn't you know I was sittin' in the front row?  
Watchin' a Shania Twain  
She reached down and she pulled me up  
On stage and sang 'You Win My Love' Then she passed the mic to me, I started singin'  
And the crowd went crazy from the very first note  
I signed a record deal and that was all she wrote  
I was so stoked It's all there, it's a done deal  
It's a looks good, it's for real  
Flyin' high in a first-class seat  
With the magic carpet under my feet Life don't get any better than this  
It's all that and a bag of chips  
Right on par, it's the whole nine yards  
A symmetrical equation, it's a perfect situation And I'm here to tell you, it don't get any better  
It's a perfect situation, right down to the letter  
And I'm here to tell you, it don't get any better  
It's a perfect situation, right down to the letter And I'm here to tell you, it don't get any better  
It's a perfect situation, right down to the letter It's all there, it's a done deal  
It's a looks good, it's for real  
Flyin' high in a first-class seat

With the magic carpet under my feetLife don't get any better than this  
It's all that and a bag of chips  
Right on par, it's the whole nine yards  
A symmetrical equation, it's a perfect situationAnd I'm here to tell you, it don't get any better  
It's a perfect situation, right down to the letter
