## Joe Budden

Whatchu think that all of the rumors for?

[Joe Budden]

Mami - dude you love dick, caress and rub dick  
Love street niggaz, love a thug dick  
But you don't look like you gettin enough dick  
But do you fuck in public and suck dick  
Are you down with a dick, clown niggaz dicks  
When they put it in do you drown niggaz dicks  
Profound a nigga dick, and when you go down  
I hope you don't kiss all around a nigga dick  
You gettin lame dick, all the same dick  
Clowns who can't fuck, new to the game dick  
Scared of a freak with a hall of fame dick  
So keep fuckin your ex-man who can't quit  
You need stronger dick, fuck seven inches  
Get a longer dick, put it on the dick  
A champion dick, a heavyweight dick  
Have you 2-way a nigga every day dick

[Chorus]

My Cris' and Mo' bitches - that ride it well  
My strip show bitches - hope you ride it well  
We can fuck in the house or in the car  
But tell me can you ride dick like a porno star  
My gin & juice bitches - that take it well  
My in school bitches - cause you takin it well  
We can fuck in the house or in the car  
But tell me can you take dick like a porno star

[Joe Budden]

A nigga need pussy, soft and sweet pussy  
If your shit's tight, then I'll probably eat pussy  
I'm a picky dude, don't need beat pussy  
Strictly freak pussy, just to leak pussy  
I need fine pussy, need dime pussy  
Need rare pussy that hard to find pussy  
Got a one-shot, I need all the time pussy  
Up echelon, top of the line pussy

Need tight pussy, get right pussy  
No sleep, break day, all night pussy  
Fuck whack pussy, I'm lookin for that pussy  
Bitch you cheated on me but I'm right back pussy  
Pop lock pussy, stop drop pussy  
Let me lay up when the block hot pussy  
Never before pussy, straight raw pussy  
Fucked ten times but I want more pussy

[Chorus]

[Joe Budden]

Look I love sex, kind of rough sex  
Whip cream, honey out, handcuff sex  
Never without sex, all about sex  
Hard backshots, pillow in her mouth sex  
Deep stroke sex, deep throat sex  
Run around here like you don't need no sex  
All day sex, it's foreplay sex  
Your back on the wall in the hallway sex  
Make me wait sex, third date sex  
Just finished arguin, havin hate sex  
Relaxed sex, missionary style  
Nails in my back sex, now that's sex  
No hands sex, advanced sex  
Why you come to my crib wearin pants sex  
Unlikely sex, try me sex  
You gon' fuck around and be wifey sex

[Chorus]
