Losing Sleep

Comeback Kid

You told me once, back at it again
Always the same with it, I can't stop you
Well maybe it's true for you, but I'm not seeing it
You wanna live with it, but I've got no roomWell maybe it's true for you, and I won't stop you
Give me some space to breathe, 'cause I've got no room
Well maybe it's true for you, and I can't stop you
Give me some space to breathe, 'cause I can't rest here with youI've gotta be reasonable
But it's all become too predictable
I'm letting it ride, but I'm not losing sleep
This future is not up to youRise up for the innocent
Tried it on but it didn't fit
Guard down, there's a subtle flame
Subtle moment to have your say
Lining up opposite of me
What a moment of clarity
A shining moment to say...
For what? I know, so what!
I'm not about it, you can have itI've gotta be reasonable
But it's all become too predictable
I'm letting it ride, but I'm not losing sleep
This future is not up to youI'm not losing sleepRise up for the innocent
Tried it on but it didn't fit
Guard down, there's a subtle flame
Subtle moment to have your say.
