

Prayer to Love (LP Version)

Jaci Velasquez

When I'm in trouble
You rescue me
When I'm alone in my soul
You're here with me Always unconditional
When I need a friend
You hold me and You're strong
But gentle enough to bend You know my name when I call
You don't forget me when I fall
You're my anchor, You're my wings
And I know You're listening Love save me, oh Lord make me
A reflection of Your love
Capture me, don't set me free
Surround me with Your love, love Let me see through Your eyes
Touch me with grace
When You color my world
It's such a beautiful place I put all my faith in You
I'll go where You want me to
You'll be there with open arms
When I have a fragile heart Love save me, oh Lord make me
A reflection of Your love
Capture me, don't set me free
Surround me with Your love, love The closer I am to You Lord
The nearer I am to love
Place the path to You before me
Keep Your hand above
This is my prayer to Love save me, oh Lord make me
A reflection of Your love
Capture me, don't set me free
Surround me with Your love, love Love save me, oh Lord make me
A reflection of Your love
Capture me, don't set me free
Surround me with Your love, love, love, love, love
Love, love, love, love, love
Love, love, love, love, love
