DUI or Die

Those Darlins

I went to a party with a broken heart
So I danced with some boys 'til it got dark
When we got done spinnin round and round
They asked if I'd like to have a drink downtownI didn't wanna batter to a perfect night
So I left before I could get in a fight
I was feelin pretty good when I was leavin the bar
Feelin pretty bad ridin in a hot carMoonlight's in my eyes and I was lyin in jail
I've never come that close to hell
Remember if you wanna drink and drive
You better find a boy to take you home for the nightDrunk drivin it happened to me
It could happen to you
Drunk drivin I'm guilty
And I'm gonna blame the boozeI went out on a Saturday night
Thought it'd be safe so I rode my bike
I strolled up to the bar to get my birthday booze
Later that night I'd be payin my dues'Cause it was late
And I was drunk
And I didn't see that little tree trunk
Didn't know nothin bout a hole in my head
'Till I woke up in a hospital bedIt was blood on the ground
There was beer on my breath
I've never come that close to death
Remember if you wanna drink and drive
It ain't worth the cost of an ambulance rideDrunk drivin it happened to me
It could happen to you
Drunk drivin I'm guilty
And I'm gonna blame the booze(Don't worry, I got this)DUI DUI
DUI DUI I got a DUI
DUI DUI
DUI DUI
DUI or dieDUI DUI
I got a
DUI DUI I got a DUI
DUI DUI (again)
DUI DUI
DUI or dieDUI DUI
DUI DUI I got a DUI
DUI DUI
DUI DUI

DUI or dieDrunk drivin it happened to me
It could happen to you
Drunk drivin I'm guilty
I'm gonna blame the booze
I'm gonna blame the booze
I'm gonna blame the booze
