

# Stone's Gone Up (Tythe Remix)

David Lynch

The kid that drove, drove  
All night long  
Piled high, and smoking the stuff of dreams  
Like love  
So he lost his way  
Down by the tracks  
All gone out  
All gone out  
Not coming back  
She laughed a lot  
And he found out  
His arms too long  
And his head too small  
To crawl away, she made him feel  
The sound is given up  
I looked around and the place was empty  
That girl was funny that way  
Stone's gone up babe  
White light  
Stone's gone up babe  
O'er the mountain's face  
At night  
Our stars  
All the wishes I had  
All the dreams I had  
Stone's gone up  
White light  
You jumped out at me  
Like a bird  
The street tilted  
Slot machine bells  
I just don't know what I'm gonna do  
Got this dream that I'm loving you  
If I wrote a wish to you  
If you'd read it  
It'd say  
Could we be together  
Just you and me  
The wilderness stretches out forever  
You and me  
Could we be together  
But then it went all dark  
And I knew

It couldn't be  
Stone's gone up babe  
White light  
Stone's gone up babe  
O'er the mountain's face  
At night  
Our stars  
All the wishes I had  
All the dreams I had  
Stone's gone up  
White light
