## The Traditional Fools

Dont dare might have some nerve  
My time is blazing . I am disparate  
    I am disparate  
    I am disparate  
    With your eyes  
    He is my milkman  
    He is . got a symptom  
    I am disparate  
    I am disparate  
    I am disparate  
    I am disparate  
I am disparateI am disparate  
    I am disparate  
    I am disparate  
    . morning he comes  
    Eyes can see through  
    There is hole  
    . gives it to you  
    I can see it .
