

S.O.S.

Gin Wigmore

Silly boy
Meets nice girl
Who didnt think twice
Ended up tongue-tied and turned it into life
Shoulda been nicer
Coulda been wiser
Would have saved my Sundays Lord
If Id only known about rainbows
Lollipops and love
As the cure
To a Cinderella story working fineBut no not mine
Here we go again
Im sending out an S.O.S. times two
Coz Ive been dead
For the longest time
It makes no sense to do it all again
Anybody knows to learn from woe
So Im sending out an S.O.S. times twoTo fill my shoes
Break my blues
Can be a lonely task with no you
Over there
Me over here
Could I have been happier without
Rainbows
Lollipops and love
As the cure
To a Cinderella story working fineBut no not mine
Here we go again
Im sending out an S.O.S. times two
Coz Ive been dead
For the longest time
It makes no sense to do it all again
Anybody knows to learn from woe
So Im sending out an S.O.S times twoTip toe baby taking me through
Summer makes me crazy for you
Ah do ba da bo le la di do
Can you make a lady change her heartbeat
Take away the people you know
Think about the places you fool

Can you let me go where I go
Ah do ba da bo de be coz mama let meBut no not mine
Here we go again
Im sending out an S.O.S. times two
Coz Ive been dead
For the longest time
It makes no sense to do it all again
Anybody knows to learn from woe
So Im sending out an S.O.S.
Im sending out an S.O.S.
And Im sending out an S.O.S. times two
