

# I Need A Bitch

Nate Dogg

I need me a bitch, with some big old thighs  
I need me a fine ass mothafuckin' bitch with some pretty ass eyes  
I need me a bitch, like I need some cash  
I need me a bitch so I can floss that hoe and make my ex mad  
I need me a bitch, ain't no need to lie  
I need me a bitch so when I do some dirt she be my alibi  
I need me a bitch, like I need a 6 4  
I need me a bitch that'll shine my rims up and open my door  
I need me a bitch, who is all of that  
I need me a bitch 'cause I'm a fly ass mothafuckin' nigga  
Who was born to mac  
I need me a bitch, like neva before  
I need me a bitch and I couldn't care less if the bitch is yours  
I need me a bitch  
I gotta fuck wit cheeks, got a house up on the beach  
Every week she call me just to beat up the peach  
'Til she reach a climax, scratches on my back  
Hit it from the back, baby told me she like that  
In fact, you the first one to make it feel right  
I knew she wasn't lyin', knew the cat was real tight  
And afta tonight, you gone remember me  
Armed robbery, put my love up there where your liver be  
(Ha, ha)  
I told her never speak on me  
(Damn)  
'Less ya want your burnt out friends ta creep wit' me, go ta sleep wit me  
I hit her frequently, take them women off the chain  
Can duck game, eva see the bitches run the train  
(Uh, uh)  
  
It ain't the same, afta I knock it out the frame  
(Uh-uh)  
You wonder why just now ya start gettin' brain  
I knock 'em out, pull chickens wit'out a doubt, fo' clout  
Ask Nate Dizzal what I'm all about  
I need me a bitch  
(Ahh, ahh, ahh, ahh, ahh)  
I need me a bitch  
(Ahh, ahh, ahh, ahh, ahh)

I need me a bitch, who ain't hard ta please  
I need me a fine ass mothafuckin' bitch with some sored up knees  
I need me a bitch, who ain't scared ta flirt  
I need me a bitch in the middle of the grocery store she'll lift up her skirt  
I need me a bitch, like I need my crew  
I need me a bitch to pass on to my boys soon as I get through  
I need me a bitch, this I can't deny  
(I can't deny)  
I need me a bitch I love when she wallin' out 'cause she still look fly  
(Fly)  
I need me a bitch, and a Coup Deville  
I need me a bitch a car with a big back seat so I can make her squeal  
I need me a bitch, like I need a drink  
Bitch who can hold her breathe real good, it's either swim or sink bitch  
I, I, I, I need a bitch  
I, I, I, I need a bitch  
I, I, I, I need a bitch  
I, I, I, I need a bitch
