

Empathetic People

Telekinesis

The city looks so evil
Every building has a face
Downtown, sounds and smells and Broadway
Chemistry is quicken, you could leave without a trace.No more sleeping in now
Must of found this sour
I'm sleeping now.No more sleeping in now
Must of found this sour
I'm sleeping now.Close range, leaves you feeling sweet though
Empathetic people, category and fault away
Last dates, work into a dark place
Blank expressions leave some, category and fault away.
No more sleeping in now
Must of found this sour
I'm sleeping now.
No more sleeping in now
Must of found this sour
I'm sleeping now.
