

Already Gone (feat. Brave & Lido)

Alison Wonderland

[Verse 1]

I've been nursing a broken heart
It took so long for me to adjust
So long, so long, 2 months, laid out
Something breaks my sleep
She showed up at my door
Saying let's not make this hard, but you are [Chorus]
You're already gone, please don't waste my time
You took too long, love already died
You're already gone, please don't waste my time
You took too long, love already died [Bridge]
I remember when you told me
You didn't want me and that you gotta go
You're already gone
Now you tell me that you want me
But I'm sorry, look girl, I gotta go
I'm already gone [Verse 2]
I've been, vibing, life goes on
The places and faces
I found a world away from your bullshit
Still you manipulate things
You already broke my heart
Why make it so damn hard to move on [Chorus]
You're already gone, please don't waste my time
You took too long, love already died
You're already gone, please don't waste my time
You took too long, love already died [Pre-Chorus]
You're already gone
(I give it up, you give it in, I gotta stop)
Please don't waste my time
You took too long
(I give it up, you give it in, I gotta stop)
Love already died You're already gone
(I give it up, you give it in, I gotta stop)
Please don't waste my time
You took too long
(I give it up, you give it in, I gotta stop)
Love already died
