Emotion Regression

Bleed The Dream

Every time I bite my lip
Well I take another zip of your lies
So don't act like you're surprised
That I can't force myself to swallow my prideYou take this piece of me, surrender awayMy wounds run deeper than the ocean
They just don't hear me anymore
They just don't hear me anymore
I'm having trouble with emotionThey just don't hear me anymore
They just don't hear me anymore
They just don't hear me anymore
They just don't hear me anymoreLet's deconstruct this place
I'll rip every smile from every face
All your insecurities
I can make you feel like such a disgraceYou take this piece of me, surrender awayMy wounds run deeper than the ocean
They just don't hear me anymore
They just don't hear me anymore
I'm having trouble with emotionThey just don't hear me anymore
They just don't hear me anymore
They just don't hear me anymore
They just don't hear me anymoreMy voice just fades in the breeze
My voice in fact is a disease
My voice comes back to haunt you
My voice just fades in the breeze
My voice in fact is a disease
My voice comes back to haunt youI know there's so much more to sayMy wounds run deeper than the ocean
They just don't hear me anymore
They just don't hear me anymore
I'm having trouble with emotionThey just don't hear me anymore
They just don't hear me anymore
They just don't hear me anymore
They just don't hear me anymoreIt shouldn't have to be this way
It shouldn't have to be this way
