

# Someday

Max Schneider

I follow my dreams,  
You'd think they were nightmares  
The way they scream  
I'll make them believe  
Wooh  
Someday someday  
I'm gonna be the next big thing I never doubt my dreams  
Always live 'em out  
Imma tell the world  
They gotta hear me out Just gimme one mic  
So I can scream it loud  
And I just need someone  
That I can make proud Cause I can wait for that someday,  
If that someday it is coming I wanna share my life with someone  
Who loves me just for me  
Hey! Hey! I wanna wish up to the stars, I can  
I wanna see the lights in the crowd,  
In the stand I see myself there like a dream in the past, I follow my dreams  
You'd think they were nightmares the way they scream  
I'll make them believe (whoa)  
Someday, someday I'm gonna be the next big thing I never doubt my dreams always live 'em out  
Ima tell the world  
They gotta hear me out  
Just give me one mic  
So I can scream it loud  
And I just need someone that I can make proud  
Cause I can't wait for that someday  
And that someday it is coming  
I wanna share my life with someone who loves me just for me Hey Hey I wanna wish up to the stars i can  
I wanna see the lights in the crowd in the stands  
See myself there like a dream in the past  
And everything I want Ima get it at last Okay  
And I know that there's no limit  
We're pursuing all our dreams and  
We gon' make it  
And tell the world that the best is yet to come  
Can you hear me? Oh I follow my dreams  
You'd think they were nightmares the way they scream  
I'll make them believe (whoa)

Someday, someday I'm gonna be the next big thing  
Someday I'll be the next big thing (the next big thing)  
Someday I'll be the next big thing (the next big thing)  
Someday, someday I'm gonna be the next big thing  
Now that I'm older I think about it  
I was really having fun, too cool about it  
I guess mom was predicting the future  
She knew that one day I was gonna move ya Okay, Okay  
But now I see everything a little different  
The world looks bigger and the sky is the limit  
I'm always looking out for myself and family  
They gonna be surprised shoutin' out ooo-eee  
I got it everything my mama wanted from me  
I got it anybody come and take it from me  
I got it cause it's all us  
I'm so close I can dream about it  
I can feel I got it (music) I'm all about it  
I'm here to make a change Ima be about it  
I didn't come this far to stop now  
And I can't rest until I get my dreams out the clouds  
I follow my dreams  
You'd think they were nightmares the way they scream  
I'll make them believe (whoa)  
Someday, someday I'm gonna be the next big thing  
Someday I'll be the next big thing (the next big thing)  
Someday I'll be the next big thing (the next big thing)  
Someday, someday I'm gonna be the next big thing  
One day I'm gonna be king of the palace  
When I reign there'll be no imbalance  
(everything will be okay)  
Every single day, all day  
You can follow me,  
If you wanna go,  
Ima take the lead  
I got the star roll,  
Twinkle in the night  
Like the star goes  
When you see us you know the next big thing!  
Someday I'll be the next big thing (the next big thing)  
Someday I'll be the next big thing (the next big thing)  
Someday, someday I'm gonna be the next big thing!
