

# AIN'T NO LOVE

## MUS BUS

I wanna run and never get tired  
I wanna love the best, I was wired  
I wanna know that I can't betray this  
Be more than elated to be alive I wanna know that I'm taken care of  
Know who I am is not about makeup  
I don't need caffeine or compliments fading  
'Cause when I'm breathing it keeps me high 'Cause there ain't no love we're sending  
We need somethin' heavenly to believe  
'Cause the further that we're gettin'  
No anger will refuse to sleep, erasing you and me So sun, let your rays leave us inspired  
Teach us that true love never expires  
And appreciate the things we've been given  
Be happy to have or to be a friend 'Cause there ain't no love we're sending  
We need somethin' heavenly to believe  
'Cause the further that we're gettin'  
No anger will refuse to sleep, erasing you and me What this world doesn't need is this sappy song to sing  
But if it starts some thinkin', it's good enough for me 'Cause there ain't no love we're sending  
We need somethin' heavenly to believe  
'Cause the further that we're gettin'  
No anger will refuse to sleep, erasing you and me There ain't no love, no, there ain't no love  
We need somethin', somethin' heavenly  
'Cause the further that we're gettin'  
No anger will refuse to sleep, erasing you and me  
There ain't no love
