

When You Call (Mix Cut)

July Child

Like a ghost I saw you flying away,
Last night in the rain,
With those words you cut me loose.
And at first I didn't know what to say,
I didn't know what else to do but turn to you. Cause you showed the slightest of faith in me,
When you call, the night falls into my dreams,
It's your way or no way, so endlessly,
When you call, the night falls,
Then you call, and I fall into a dream. Like a star I saw you shining all day,
I saw you shying away,
Never thought you were running too.
And I know it don't feel quite the same to you,
And I wish that there were things I could say to you. I could love you for a lifetime or I'll love you all year.
I could love you in the night time til the day creeps near.
I could love you for forever but you're still nowhere.
I could love you for a lifetime or I'll love you all year. Cause you showed the slightest of faith in me (could it be
a dream?),
When you call, the night falls into my dreams (or are we in between?),
When you showed, yeah you showed, yeah you showed and you showed some faith in me (could you be my
life?),
When you call, the night falls, then you call and I fall into a dream (or were you just another one?). When you
call, the night falls, then you call and I fall into a dream.
You showed, yeah you showed, some faith in me.
