

# Leaving Tonight

Ne-yo

I believe that love and trust are one and the same  
I don't think you can truly love somebody unless you trust 'em  
That blind trust, that beyond a shadow of a doubt  
No matter what this person sayin', that person, you believe your man  
Now you say you love me but every time one of your little friends  
Come at you with something, we gotta do this  
Mama, I'm tryin', I'm tryin' to show you that I'm for real  
Tell me what I gotta do to show you that I'm for you  
Just shut up and listen  
Two hundred and sixteen  
That's how many times that I went  
Back and forth about it in my mind  
Could she, could she really be  
Who he's telling me that she is?  
There's something about it that don't feel right  
Saturday she called here 26 times  
(Oh you counted)  
You kept telling me not to worry  
(Don't worry 'bout it)  
Wanna believe that you're telling the truth  
(So don't doubt it)  
But if you are lying to me  
You're leaving tonight, out of my life  
Everyone said you ain't no good, then you prove them right  
You're leaving tonight, it's over and done  
Ain't no sense in trying to wait 'til the morning comes  
(You're leaving tonight)  
Baby, now hold up, let's just settle down  
'Cause there's a perfect explanation  
To this situation that we're goin' through  
(This thing that we're goin' through)  
I swear I don't know that girl but I seen her 'round  
And she's expressed how much she want it  
But baby, I'm not lonely, all of me is for all of you  
Said, I got a girl like a thousand times  
(So you counted)  
She kept telling me not to worry  
(Don't worry 'bout it)  
Please believe I'm telling the truth

(I really doubt it)  
Really wish you would believe in me  
I'm not leaving tonight, girl, you're my life  
All of your friends think I'm no good, please don't prove 'em right  
I'm not leaving tonight, it's over and done  
Let's leave this alone and let's make love 'til the morning come  
(Not leaving tonight)  
Oh, I won't deny that everything in my body  
Wants to know that you're the one  
(So what's the problem, girl?)  
See I can't take this serious when you're just having fun  
(Oh, I'm not just having fun)  
Steady, running around, making a fool of me  
(I'm not running 'round)  
Baby girl, you can't listen to everyone  
I'm your man, trust in me  
(You're my man, uh huh)  
Don't let them interfere with us being happy  
Love me, girl  
I love you, that's a fact  
(Say that you love me, baby)  
But I'll be damned if I'ma let you  
Up and disrespect who's been there from the start  
(You not gon' disrespect my heart)  
You claim, claim to not know  
(Not know that girl)  
But her name and number is in your phone  
She even got a ringtone  
You care to explain that part?  
Saturday she called here 26 times  
(I know you counted)  
You kept telling me not to worry  
(Please don't worry 'bout it)  
Wanna believe that you're telling the truth  
(So don't doubt it)  
But if you are lying to me  
I'm not leaving tonight  
(Leaving tonight)  
Girl, you're my life  
(Out of my life)  
Everyone said you ain't no good  
And you prove them right  
I'm not leaving tonight  
It's over and done  
Just leave this alone

And let's make love 'til the morning come  
(Not leaving tonight)  
Said, I just need you to trust me, baby  
(I wanna trust you)  
Not leaving tonight
