Hi Sun

J*DaVeY

let's pop the wheels and go electric
throw it all in your trunk
and bump that junk 'til it's hectic
the sun is high
and now it's all getting better
we rip the frame, turn the page
and learning letter for letter, okay
let's pop the wheels and go electric
throw it all in your trunk and bump that junk 'til its hectic
the sun is highpop that hash, come jump in the back and catch me
making love in the sun lots of fun
hey tell me what do you say
high as heaven, we rise silver lines
sunshine good times, doing them things that we do
won't you find yourself, just feeling that breeze,
selling dreams making love 'til love kicks in
we spread the seed, once i watch that skylet's pop the wheels and go electric
throw it all in your trunk
and bump that junk 'til it's hectic
the sun is high
and now it's all getting better
we rip the frame, turn the page
and learning letter for letter, okaywe're taking you higher and higher and higher
we're taking you higher and higher and higher
i said higher
repeat 3x
