

# Get Back Up

## Barenaked Ladies

I'm a little bit worse for wear  
Got a little bit more grey hair  
I'm not gonna be the next big thing, but I'm getting fitted for a new brass ring  
I been dunked, I've been kicked around  
Now I'm ready for the big rebound  
I know you can't win them all, but I'm swingin' like Pitt gettin' hits in Moneyball  
Get back, get back up  
You gotta get back, get back up  
You got a whole stadium on their feet, it's not about a victory or a defeat  
See you gotta get back, get back up  
You gotta get back, get back up  
Not everything is sink or swim  
You cant fly if the air's too thin  
The best part of the ride is the freefall  
Better keep your arms and legs in the vehicle  
Standing eight and I'm on the ropes  
Knees givin' but I won't lose hope  
Not the second coming of Muhammad Ali, but can I get a "WOOT" for the boxing imagery?  
Get back, get back up  
You gotta get back, get back up  
You got a whole stadium on their feet, it's not about a victory or a defeat  
See you gotta get back, get back up  
You gotta get back, get back up  
Gotta get back, gotta get back  
Gotta get back, gotta get back  
Gotta get back, gotta get back  
Gotta get back, gotta get back  
Gotta get back, gotta get back  
Get back, get back up  
You gotta get back, get back up  
You got a whole stadium on their feet, it's not about a victory or a defeat  
See you gotta get back, get back up  
You gotta get back, get back up  
Everybody's up on their feet, it's not about a victory or a defeat  
See you gotta get back, get back up  
You gotta get back, get back up  
Gotta get back, gotta get back  
Gotta get back, gotta get back  
Gotta get back, gotta get back  
Gotta get back, gotta get back  
Gotta get back, gotta get back
