

You Got Me

Crash Kings

Mary, I think you got me
You turn around, turn around
Turn around and throw it back
Sugar, I think you need me
You bring me down, bring me down
Bring me down, bring me down again
I think you got me where you want me
I think you got me where you want me, woman
Mary, you drive me crazy
You look around, look around
But you're looking for excuses
Jenny, she does it for me
She's going down, going down
Going down, going down tonight
I think you got me where you want me
I think you got me where you want me, woman
I think you got me where you want me
I think you got me where you want me, come on
I'm not a sex-crazed teacher
She looks at me to tell me when it's over
'Cause I would would never leave you high and dry
Mary, I think it's over
You bring me down, bring me down
Bring me down and not again
Jenny, I hope you love me
I'm going down, going down
Going down, going down tonight
I think you got me where you want me
I think you got me where you want me, woman
I think you got me where you want me
I think you got me where you want me, come on
I'm not a sex-crazed teacher
She looks at me to tell me when it's over
And I would would never leave you high and dry
I'm not a sex-crazed teacher
She looks at me to tell me when it's over
'Cause I would would never leave you high and dry
