Wake Me Up

So They Say

I feel like I'm at the top of my game
Karma just snitched and I got the blame
I lost control of my arms and legs
You may have the candle but I have the flameI never used to feel so sick and tired
I remember when we used to stay high for hoursOne minute it's here and then it's goneWill somebody wake up?
Will somebody wake up?
Will somebody wake me up?Will someone please wake me up?
Will somebody wake up?
Will somebody wake me up?Monkey see, monkey do, now you're all alone
We're killing ourselves in vain and moving slow
So stop me if I sound too predictable
Misery's a mask that's worn by mostI never used to feel so sick and tired
I remember when we used to stay high for hoursOne minute it's here and then it's goneWill somebody wake up?
Will somebody wake up?
Will somebody wake me up?Will someone please wake me up?
Will somebody wake up?
Will somebody wake me up?I feel my eyes get heavy
I think they've turned to stone
Can't I just keep them closed
Can't I just keep them closedI've read this book a thousand times to you
I've heard a million lullabies
But this one's true, it's true
A chemical reaction that I call passion
Is a prison built for twoWill somebody wake up?
Will somebody wake up?
Will somebody wake me up?Will someone please wake me up?
Will somebody wake up?
Will somebody wake me up?
