Follow My Lead

Malko

[Intro]Babygirl, You need to stop debatin'
This is body language and we call the satan
In the club no longer call my patience
So i approach mami with some honest statments
Like me, i can take you home
Lay you on the bed while i make you moan
If your cell is ringin imma break the phone
You aint leavin til 6 in da mornin
[Massari]Baby girl let me know
Look like youve got something to say
U aint gonna think about it
You know how i feel about it
So babygirl let it flow
Youve been thinkin bout me all day
Now you wanna loose control
Shorty when i see you its all
[Bridge]Every minute of every hour you think of me
And every time i took come and visit you dont wanna leave
Could it be that your steady frontin' infront of me
Belly told me that your somebody i shouldnt believe
[Chorus]Well i jus wanna get it on
So baby come and put it on me
So if u wanna get it on
Lets get it on just follow my lead
You've gotta know
Its feelin like your doing it for me
And imma cant get enough
Lets set it off
I know what you need
[Rap]
Im buzz
Plus shorty kinda goin off the hypno
And ofcourse she gave me all of the info
Sayin how she loved the bars in the 6th floor
So now i leave the bar with an info
Head back to the car with some indo
Rollin' up let us fog up the windows
Im chillin dont sweat the dude
Throw Massari on the deck let him set the mood

[Massari]Tonight im gonna take your time
I'll be coming up to your place
I wanna hold your body
I wanna make you feel Massari
So we gon' get it on tonight
Wanna see the look on your face
I wanna hear you moanin
Sayin i cant take it no more
[Bridge]Every minute of every hour you think of me
And every time i took come and visit you dont wanna leave
Could it be that your steady frontin' infront of me
Belly told me that your somebody i shouldnt believe
[Chorus][Outro]Girl i know what you need
I know what you need
I know what you need
Coz baby girl i need it too
