

# Different Kind Of Cowboy

Ray Scott

Y'all listen here  
I ain't never lived in Texas  
Rode across no dusty plain  
I ain't drank water from no cactus  
Been inclined to rob a train  
I'm a different kind of cowboy  
Tumble weed out in the wind  
In this Carolina country boy's heart  
The lone ranger rides again  
I ain't too forward with the ladies  
Flash a smile and tip my hat  
But I've been findin' out here lately  
There's still a few thing to that  
Yeah, I'm a different kind of cowboy  
Tumble weed out in the wind  
In this Carolina country boy's heart  
The lone ranger rides again  
Yeah, I got a hundred horses  
Couple sprockets and a chain  
Love the sound of chrome  
Pipes rumbling, the smell of gasoline  
I'm gonna ride off in that sunset  
Yellin' yippee ki-yay, yippee ki-yay  
Yeah, I'm a different kind of cowboy  
Tumble weed out in the wind  
Yeah, in this Carolina country boy's heart  
The lone ranger rides again and again  
Hi, ho, silver  
Lone, lone
