

I Don't Believe

Joe Bonamassa

I don't believe, I don't believe you'd let me down
I don't believe, I don't believe you'd let me down
Yes, when I needed you baby, honey, you're always
around

I don't believe, I don't believe you got somebody
else

I don't believe, I don't believe you got somebody
else

Well, if you didn't want me, baby, honey, you would
have left me on the shelf

Oh yeah

When I was hungry, you gave me food,
treated me like a king, you never was rude

You bought me clothes, the best in town

No matter what happened, baby, I was always around

Baby, I don't believe you'd wouldn't let me down,
yes, when I needed you baby, honey, you always around

I don't believe, I don't believe you'd let me down

I don't believe, I don't believe you'd let me down

Yeah, when I wanted you baby, honey, you was always
around
