## Manilla Road

A fair and stately palace  
Gone mad within itself  
No life around the forest  
Circling the monarch's realmThe curse of generations  
Upon the Usher clan  
Turned life to desolation  
Laid waste to fruitful landHaunted PalaceSacrificial blood stains  
The family born to fall  
Never to break evil's chains  
Brought forth by ancient callDistortion of the senses  
Damnation of the soul  
The palace of the breathless  
Where death's bell takes it's tollHaunted PalaceDestruction of Foundations  
Both of the mind and mass  
Caused by incantations  
Of family members pastInner plane disturbance  
Crumbling every wall  
Tormented by existence  
The Haunted Palace fallsHaunted Palace
