

Gone With The Madness

[Sophie Zelmani](#)

I'm gonna bring a bottle of wine
Won't change the truth,
Just to fit our time
Disappointed, it was a man
Hidden in the woods
Of my dreamland
I wanted you to desire me I could have
Gone with the madness
Gone with the madness I don't regret you
Or that I met you
But I was too honest where games
Must take their place
It's such a crime
But I was swept off my feet for
The first time For the first time
I don't need my pride
To you it was crazy
But I'm still excited inside
But I wanted you
To desire me I could have
Gone with the madness
Gone with the madness Everything's
Gone with the madness
Gone with the madness
