

# Dancin in the Rain

Shane Harper

I wake up in the mornin'  
A cup of coffee in my hand and a song in my head  
Outside it's pourin'  
I heard the weather man sayin' that I should stay in

Ain't no sunshine but it feels right  
Ain't no blue skies but it's alright  
Let's get the rain on my skin  
I'm ready for the day to begin

I hear the drip drip drops fallin' off my roof top  
The lightening joins in  
And the thunder starts to beat box  
Got a smile on my face  
It's the perfect day to go dancin' in the rain

do do do do do do do do (x3)

It's the perfect day to go dancin' in the rain

do do do do do do do do (x3)

It's the perfect day to go dancin' in the rain

Here, take my umbrella  
You can keep it  
I don't need it  
Soakin' up the day

Ooo this is my count off  
I'll tip my hat back  
Four slacks  
5,6,7,8

No sunshine but it's alright  
Ain't no blue skies but it feels right  
I got it fallin' down on my skin  
And it's the perfect day to go dancin' in the rain

do do do do do do do do do (x3)

It's the perfect day to go dancin' in the rain

do do do do do do do do do (x3)

It's the perfect day to go dancin' in the rain

And I don't need no coat  
Tappin' to the rhythm while the raindrops flow  
But I'm stompin' like a big ol' kid  
And not stopin' 'til the sun breaks in like

It's a perfect day

A perfect day

(dancin' in the rain)

It's a perfect day

A perfect day

(It's a perfect day to go dancin' in the rain)

do do do do do do do do do (x3)

It's the perfect day to go dancin' in the rain

do do do do do do do do do (x3)

It's the perfect day to go dancin' in the rain

It's a perfect day

A perfect day
