Slow Motion

Leo Sayer

Today's been long
It's been like slow motion
Walking in circles
Talking to the wall
Now I'm standing on the corner
And looking down at the ocean
Sure is cold
Makes me feel so old
See the couple there in slow motion
Flapping like a flag in the breeze
But why I'm here
I ain't got no notion
I got people to please
But I'm dying on my knees
