Stay

Meshell Ndegeocello

I want you, I can't get you off my mind
Ooh, you turn me on, stay
I want you, I can't get you off my mind
Ooh, you turn me on, stayI know you think it's wrong being here alone with me
But I wanna understand you and the way you feel
You must feel something or you wouldn't have let me get this far
So don't be afraid just give inOoh baby, come on and just let me
Ooh baby, come on and just let meI want you, I can't get you off my mind
Ooh, you turn me on, stay
I want you, I can't get you off my mind
Ooh, you turn me on, stayIf you let me have you just this once
I promise never to want you anymore
'Cuz what's happening here just feels so good
I must admit the forbidden always arouses my temptationsOoh baby, come on and just let me
Ooh baby, come on and just let meI know you want me to lie to you, to myself
And pretend that I don't care
You just don't understand
You're all I ever think aboutI want you, I can't get you off my mind
Ooh, you turn me on, stay
I want you, I can't get you off my mind
Ooh, you turn me on, stayDo you think about me?
Do you feel the way I do?
I want youI want you, I can't get you off my mind
Ooh, you turn me on, stayYeah baby, it's like you seem to understand meI want you, I want you
I want you so bad, I can taste you
