

All Good Things (intro)

Ying Yang Twins

All good things
May come to an end
All bad things
Can't wait to begin All good things
May come to an end
All bad things
Can't wait to begin Which shall make you laugh
It shall make you cry
We can't leave the ground
Shall not greet the sky Which shall make you laugh
It shall make you cry
We can't leave the ground
Shall not greet the sky
