

Dreamboats And Petticoats

Jason Donovan

Dreamboats and petticoats,
Pick me up and hold me close
You are everything I'll ever need
Candy floss and caravans
Kiss me quick and hold my hand
All your promises I will believe Time will take its toll on us
Love won't fade our love won't rust
We will stay young because Fairgrounds and water rides
I can see the love light in your eyes
I hope it stays there for a thousand years
Movie stars on silver screens
Singing songs of sweet sixteen
Echo through the laughter and the tears Time will take its toll on us
Love won't fade our love won't rust
We will stay young because Sha la laa la la la laaa
Sha la la la la la la laa Time will take its toll on us
Love won't fade our love won't rust
We will stay young because Candy floss and caravans
Kiss me quick and hold my hand
All your promises I will believe
Dreamboats and petticoats
Pick me up and hold me close
You are everything I'll ever, need
